

Straight pipes - single socket

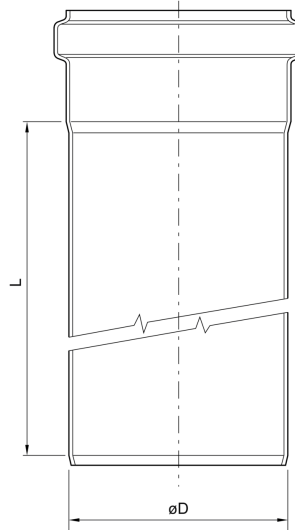

Product information for the product group

ACO Product benefits

ACO pipe used together with other ACO drainage products provides **complex building drainage solution:**

- Hygienic design following EN 1672, EN ISO 14159 and EHEDG document 8, 13 and 44
- Resistant to thermal and dynamic shocks
- Fast, reliable and cost-effective installation
- Sagging-proof
- Non-combustible
- Rodent-proof

- Stainless steel ACO pipe system is **designed for gray and black water, rainwater and industrial waste water drainage applications**
- Suitable for both **syphonic, vacuum and gravity drainage solutions**
- **Double lip seal push-fit connection** for easy and reliable installation

Item Technical Data 98552
