Lumi Duo is a versatile and adjustable general lighting range that allows you to select the colour temperature and power. You can select the most suitable model from several size and control options. The Lumi Duo luminaire offers excellent resistance to cold temperatures, down to -30 °C. It is suitable for wall and ceiling mounting in public indoor and outdoor spaces, and in corridors, staircases and wet spaces in residential buildings. These impact-resistant luminaires are suitable for surface and semi-recessed mounting, with an installation bracket included in the delivery. They are guick to mount, thanks to the easy diffuser installation mechanism and LEDs that are located on the luminaire edge. The luminaire, with its screwless connector, is suitable for surface wiring and linking. A white decorative frame is available as an accessory.
